College Decision Making

Did you know that students can serve on SCC campus committees? In the spirit of shared governance law, SCC invites the participation of students on all standing committees. These committees address issues such as new curriculum, student equity, matriculation, buildings, safety, planning and budget. Use this opportunity to gain networking skills, serve as a team member to improve the campus environment, and add valuable experience to your resume. Students serving on SCC governance committees will receive a letter of participation from the committee chairs that you can add to your portfolio. A full listing of the committees and a description of their purposes can be found on SCC's web page, www.scc.losrios.edu/committees.html or go to the SCC home page and click on "Participatory Governance" If you would like to serve on a committee, contact the ASG President, 568-3100, ext. 2462 or SCCASGP@scc.losrios.edu, or contact Kim Beyrer, 558-2607 or beyrer@scc.losrios.edu.

CLUB NEWS

Club Day was a great success! Seventeen clubs participated with enthusiasm. They were the M.E.Ch.A Club; Muslim Student Association; Gay, Lesbian, Bi-Sexual, Transgender Club; LeClub Francais; Electronic Student Association; Business Leader Society; American Medical Student Association; Sacramento Anime and Game Association; Psychology Club; Waste Reduction and Recycling Club; Foreign Frenzee; Yoga/Meditation; Dance Club; Honors; Sac City Christian Fellowship; City Signers; and Making a Future Different Village Club. There was plenty of food ranging from hot dogs and hamburgers to various ethnic foods. The interaction with the campus community was wonderful to observe. Many students were interested in what clubs were doing and the types of clubs our campus had to offer. Thanks again to all the club members and advisors who made this event happen.

electriCITY is published monthly during the academic year. Send your submissions to Kim Beyrer, Student Leadership & Development, beyrer@scc.losrios.edu by the 15th of the month prior to publication. For more information, go to www.scc.losrios.edu/~lead.
